Event Payment Services
2855 Anthon Lane South
Suite 130
Minneapolis, MN 55418
Attn: Paul McConville

Dear Paul:

This letter is to affirm that the services provided by Event Payment Services during our Auction, held on April 21, 2007, provided us with successful results.

As it was our first year utilizing the link between Auction Tracker and the terminals provided by Event Payment Services, we were nervous that the data may be lost, causing us much manual effort. The team at Event Payment Services walked us through the process the Monday following our event to ensure accurate processing, explaining the process as we went along.

We would definitely consider using Event Payment Services for future events.

Sincerely,

Karen J. Scodari
Business Manager
